

Language Accessibility Advisory Committee Meeting Summary 11/29/17

Introduction:

- Michael welcomed everyone and called the fourth LAAC meeting to order
- LAAC emails (LAACinfo@saccounty.net) will be monitored by Mike and Whitney
- Recap of the October 25th meeting
- Partner Training PowerPoint Presentation

Notes/Questions and Comments:

- Public Meeting regarding the Election Administration Plan
 - Date: December 12th
 - Time: 5:00 pm – 7:00 pm
 - Location: Sacramento County Voter Registration and Elections Office
- Staff from our Outreach section presented the Partner Training PowerPoint
- Members had several questions and ideas to consider:
 - What is the difference between a polling place not being a satellite location and a vote center being a satellite location?
 - Vote centers have to have real time access to our database, when a polling place only had paper rosters for voters to sign
 - When a conditional voter registration is verified does it then become a regular ballot and registration?
 - Yes, once it is verified and noted that they did not vote twice it becomes regular
- Language workshops have to be held by our office for each required language to provide education on the new vote center model
 - A member suggested that it may be difficult to get people at a certain location at a certain time to create videos
 - If videos are created then organizations will be able to hold their own events and show the video
 - Staff would like the members input on getting these planned

Next Meeting Suggestions:

- Input from the members on the Language Workshops
 - Location of workshops
 - How do we share the message?
 - Content
 - Frequency
 - Cultural translations within a language community
- Input from the members on the Partner Training PowerPoint

Next Meeting:

To Be Determined
