ਸੈਕਰਾਮੈਂਟੋ ਕਾਉਂਟੀ ਵੋਟਰ ਰਜਿਸਟਰੇਸ਼ਨ ਅਤੇ ਚੋਣਾਂ

ਚੋਣ ਸੰਚਾਲਨ ਯੋਜਨਾ

E.C.4005(a)(10)(I)

ਜਾਣ-ਪਛਾਣ

ਸੈਕਰਾਮੈਂਟੋ ਕਾਉਂਟੀ ਦੇ ਵੋਟਰਾਂ ਦਾ ਚੋਣਾਂ ਵਿੱਚ ਹਿੱਸਾ ਲੈਣ ਦਾ ਕਾਫ਼ੀ ਪੁਰਾਣਾ ਇਤਿਹਾਸ ਹੈ। 2002 ਵਿੱਚ ਬਿਨਾਂ ਕਿਸੇ ਬਹਾਨੇ ਦੇ ਡਾਕ ਵਿੱਚ ਵੋਟਾਂ ਪਾਉਣ ਦੀ ਸ਼ੁਰੂਆਤ ਤੋਂ ਲੈ ਕੇ, ਡਾਕ (VBM) ਦੁਆਰਾ ਵੋਟ ਪਾਉਣ ਵਾਲੇ ਵੋਟਾਂ ਦੀ ਸੰਖਿਆ ਵਿੱਚ ਲਗਾਤਾਰ ਵਾਧਾ ਹੋ ਰਿਹਾ ਹੈ ਅਤੇ ਕਾਉਂਟੀ ਦੇ ਰਜਿਸਟਰਡ ਵੋਟਰਾਂ ਵਿੱਚ ਲਗਾਤਾਰ 64% ਦਾ ਵਾਧਾ ਹੋਇਆ ਹੈ।

ਜੂਨ 2017 ਵਿੱਚ ਇਸ ਵੋਟ ਕੇਂਦਰ ਮਾਡਲ (ਮਾਡਲ) ਨੂੰ ਅਪਨਾਉਣ ਤੋਂ ਬਾਅਦ, ਸੈਕਰਾਮੈਂਟੋ ਕਾਉਂਟੀ ਵੋਟਰ ਰਜਿਸਟਰੇਸ਼ਨ ਅਤੇ ਚੋਣਾਂ (VRE) ਨੇ ਵੋਟਿੰਗ ਪਹੁੰਚਯੋਗਤਾ ਸਲਾਹਕਾਰ ਕਮੇਟੀ (Voting Accessibility Advisory Committee) (VAAC) ਅਤੇ ਇੱਕ ਭਾਸ਼ਾ ਪਹੁੰਚਯੋਗਤਾ ਸਲਾਹਕਾਰ ਕਮੇਟੀ (Language Accessibility Advisory Committee) (LAAC) ਦੇਵਾਂ ਨੂੰ ਸਥਾਪਤ ਕੀਤਾ ਗਿਆ ਹੈ। ਦੋਵੇਂ ਕਮੇਟੀਆਂ ਨੇ VRE ਨੂੰ ਮਹੱਤਵਪੂਰਨ ਮਾਰਗਦਰਸ਼ਨ ਮੁਹੱਈਆ ਕੀਤਾ ਹੈ ਅਤੇ ਇਹ ਕਾਉਂਟੀ ਲਈ ਚੋਣ ਸੰਚਾਲਨ ਦਾ ਬੁਨਿਆਦੀ ਤੱਤ ਬਣਨਾ ਜਾਰੀ ਰੱਖੇਗਾ।

VRE ਨੇ ਨਿਵਾਸੀਆਂ ਨੂੰ ਵੋਟ ਕੇਂਦਰ ਮਾਡਲ ਬਾਰੇ ਅਤੇ ਭਾਈਚਾਰਕ ਸ਼ਮੂਲੀਅਤ ਦੇ ਮੌਕਿਆਂ ਬਾਰੇ ਸੂਚਿਤ ਕਰਨ ਲਈ ਆਪਣੇ ਵੋਟਰ ਜਾਣਕਾਰੀ ਪ੍ਰੋਗਰਾਮ ਦਾ ਵਿਸਤਾਰ ਕਰਨ ਦੀ ਯੋਜਨਾ ਬਣਾਈ ਹੈ। ਯੋਜਨਾ ਵਿੱਚ ਕਈ ਭਾਈਵਾਲ ਸੰਗਠਨ ਸ਼ਾਮਲ ਹਨ ਅਤੇ ਉਹਨਾਂ ਦਾ ਸਹਿਯੋਗ ਸੈਕਰਾਮੈਂਟੋ ਕਾਉਂਟੀ ਵਿੱਚ ਵੋਟ ਕੇਂਦਰ ਮਾਡਲ ਚੋਣਾਂ ਦੇ ਸਫ਼ਲ ਲਾਗੂਕਰਨ ਲਈ ਬਹੁਤ ਮਹੱਤਵਪੂਰਨ ਹੈ।

ਇਸ ਨਵੇਂ ਮਾਡਲ ਲਈ ਪਹਿਲੀਆਂ ਚੋਣਾਂ ਜੂਨ 2018 ਵਿੱਚ ਸਟੇਟਵਾਈਡ ਪ੍ਰਾਈਮਰੀ (Statewide Primary) ਵਿੱਚ ਹਨ। ਇਹ ਚੋਣ ਸੰਚਾਲਨ ਯੋਜਨਾ (ਯੋਜਨਾ) ਇਸ ਬਾਰੇ ਜਾਣਕਾਰੀ ਮੁਹੱਈਆ ਕਰਦੀ ਹੈ ਕਿ ਕਾਉਂਟੀ ਵੋਟਰ ਦੀ ਚੋਣ ਕਿਰਿਆ ਕਿਵੇਂ ਲਾਗੂ ਕਰੇਗੀ। ਇਸ ਯੋਜਨਾ ਵਿੱਚ ਸੂਚੀਬੱਧ ਕਈ ਕਿਰਿਆਵਾਂ ਭਵਿੱਖ ਨਾਲ ਸਬੰਧਿਤ ਹਨ ਅਤੇ ਇੱਕ ਅਜਿਹੇ ਫ੍ਰੇਮਵਰਕ ਦੇ ਤੌਰ 'ਤੇ ਸੂਚੀਬੱਧ ਹਨ, ਜਿਸ ਲਈ ਇਹ ਪੂਰੀਆਂ ਕੀਤੀਆਂ ਜਾ ਸਕਦੀਆਂ ਹਨ।

ਸੰਖੇਪ ਨਾਲ, ਇਹ ਮਾਡਲ ਵੋਟਰਾਂ ਨੂੰ ਆਪਣੀ ਵੋਟ ਪਾਉਣ ਲਈ ਹੋਰ ਮੌਕੇ ਪ੍ਰਦਾਨ ਕਰਦਾ ਹੈ। ਸਾਰੇ ਵੋਟਰ ਇੱਕ VBM ਵੋਟ-ਪਰਚੀ ਪ੍ਰਾਪਤ ਕਰਦੇ ਹਨ ਅਤੇ ਕਾਉਂਟੀ ਵਿੱਚ ਕਿਸੇ ਵੀ ਵੋਟ ਕੇਂਦਰ ਵਿਖੇ ਜਾ ਸਕਦੇ ਹਨ। ਵੋਟ ਕੇਂਦਰਾਂ ਅਤੇ ਵੋਟ ਪਰਚੀ ਡ੍ਰੌਪ ਬੈਕਸ ਥਾਵਾਂ ਦੀ ਸੰਖਿਆ ਕਿਸੇ ਵੀ ਚੋਣਾਂ ਤੋਂ 88 ਦਿਨ ਪਹਿਲਾਂ ਰਜਿਸਟਰਡ ਵੋਟਰਾਂ ਦੀ ਸੰਖਿਆ ਦੇ ਆਧਾਰ 'ਤੇ ਪ੍ਰਮਾਣਿਤ ਕੀਤੀ ਜਾਏਗੀ। ਇਹ ਚੋਣ ਸੰਚਾਲਨ ਯੋਜਨਾ ਤਿਆਰ ਕਰਨ ਦੇ ਸਮੇਂ, ਕਾਉਂਟੀ ਨੂੰ ਚੋਣਾਂ ਤੋਂ 28 ਦਿਨਾਂ ਪਹਿਲਾਂ ਤੋਂ ਸ਼ੁਰੂ ਕਰਦੇ ਹੋਏ ਅਤੇ ਚੋਣਾਂ ਵਾਲੇ ਦਿਨ 78 ਵੋਟ ਕੇਂਦਰ (16 ਚੋਣਾਂ ਤੋਂ 10 ਦਿਨ ਪਹਿਲਾਂ ਚਾਲੂ ਅਤੇ ਸਾਰੇ 78 ਚੋਣਾਂ ਤੋਂ 3 ਦਿਨ ਪਹਿਲਾਂ ਅਤੇ ਚੋਣਾਂ ਵਾਲੇ ਦਿਨ ਨੂੰ) ਅਤੇ 52 ਵੋਟ ਪਰਚੀ ਡ੍ਰੌਪ ਬੈਕਸ ਥਾਵਾਂ ਪ੍ਰਮਾਣਿਤ ਹੋਣ ਦੀ ਆਸ ਹੈ। ਵੋਟਰ ਆਪਣੀ ਵੋਟ ਪਰਚੀ ਡਾਕ ਦੁਆਰਾ, ਕਿਸੇ ਵੋਟ ਪਰਚੀ ਡ੍ਰੌਪ ਬੈਕਸ ਸਥਾਨ ਵਿਖੇ, ਜਾਂ ਕਿਸੇ ਵੀ ਵੋਟ ਕੇਂਦਰ ਵਿਖੇ ਵਾਪਸ ਕਰ ਸਕਦੇ ਹਨ।

ਵੋਟ ਕੇਂਦਰ ਪਹੁੰਚਯੋਗ ਵੇਟਿੰਗ ਡਿਵਾਈਸਾਂ ਤੱਕ ਵਧੀ ਹੋਈ ਪਹੁੰਚ ਪੇਸ਼ ਕਰਦੇ ਹਨ, ਜਿਸ ਵਿੱਚ ਹਰੇਕ ਵੋਟ ਕੇਂਦਰ ਵਿਖੇ ਸਥਿਤ ਘੱਟੋ-ਘੱਟ ਤਿੰਨ ਪਹੁੰਚਯੋਗ ਡਿਵਾਈਸਾਂ ਸ਼ਾਮਲ ਹਨ। ਇਸਤੋਂ ਇਲਾਵਾ, ਵੋਟ ਕੇਂਦਰਾਂ ਵਿਖੇ ਦੁਭਾਸ਼ੀਆ ਚੋਣ ਕਰਮਚਾਰੀਆਂ ਦਾ ਸਟਾਫ਼ ਵੀ ਹੋਵੇਗਾ।

ਭਾਗ 1 - ਵੋਟਰ ਜਾਣਕਾਰੀ ਅਤੇ ਪਹੁੰਚ ਯੋਜਨਾ

Summary

Handouts provided to attendees included: Agenda; California Voter's Choice Act Infographic; Guide to Voter's Choice Act and Vote Centers in Sacramento County; Sacramento County Voter Registration and Election, Election Administration Plan E.C 4005 (a) (10) (I) Discussion and Consultation Document; VAAC Membership Applications.

Call to Order: Committee Chair, Courtney Bailey, welcomed all guests to this 1st meeting to establish a Sacramento County Voting Accessibility Advisory Committee (VAAC). She provided the background for Sacramento County's move to the Voter's Choice Act and a brief summary of the Vote Center model being rolled out in June 2018.

Welcome and Meeting Protocols: Alice Jarboe, Assistant Registrar of Voters for Sacramento County Voter Registration and Elections, welcomed the attendees and reviewed meeting protocols, emphasizing the open and inclusive nature of the County Voting Accessibility Advisory Committee (VAAC).

Membership Applications and Appointment of Members: The Voters Choice Act (VCA) directs the implementation of a VAAC to allow for community input. Applications for VAAC committee members are being accepted. A minimum of 7 committee members are desired and applications will be accepted on a rolling basis. Paper applications were made available. The application is also available online on the county's website.

Discussion: The group discussed the development of the Draft Election Administration Plan and access to the elections process for voters with disabilities. Several questions were fielded during discussion regarding accessible marking devices, cost of the

APPENDIX A - VOTER ACCESSIBILITY ADVISORY COMMITTEE (VAAC)

devices, accessibility for drop-off locations, accessibility for the blind, handling languages, poll watchers ability to “get out the vote”, requesting Vote Center sites, and casting ballots through a scanner or Vote by Mail envelope.

The questions will assist the Election Office in developing a list of FAQ’s. Many of the answers are found in the Voter’s Choice Act, i.e., three voting accessible terminals being required at each Vote Center. Answers will develop as the Election Office procedurally works through the implementation of the Voter’s Choice Act.

Meeting wrap up and things to think about for next meeting:

- Interested committee members were reminded to complete an application. There are 7 committee applications so far and more are welcome. The VAAC is open to the public so please pass the word along to anyone that may be interested.
- What percentage of voters will have accessibility needs? It was suggested that the Social Security Administration may have data on the number of residents receiving disability benefits.
- We are looking for public input to develop the Election Administration Plan.
- What is a good location for these meetings, what time should we start, how long should they be, and how frequent? It was suggested no longer than 90 minutes and locations suggested were the Sacramento Admin Building, Central Library, City Council Chambers, SMUD Building, Voter Registration Office, DSA Headquarters, and roaming locations, i.e., in Elk Grove. Locations with best accessibility for buses and a meeting end time that doesn’t exceed the time buses stop running was requested. Frequency suggested was twice a month and then reduce to once a month.
- Other suggestions for meetings included: Have a sign language interpreter, offer to teleconference the meeting in case people cannot attend in person, closed captioning, serve refreshments, and pay for bus fare.
- How do we get the information out, Google Docs?
- Mindy Romero with California Civic Engagement Project would like to present a tool for helping us choose our locations.
- Regional Transit is working on an optimization plan that may affect services around Vote Center locations.

The next VAAC meeting:

**August 16th
6:00 p.m. to 7:00 p.m.

Opening Comments:

- The Voters Choice Act (VCA) directs the implementation of a Voting Accessibility Advisory Committee (VAAC) to allow for community input. This committee will assist the Sacramento County Voter Registration & Elections Department (VRE) by providing input and feedback for developing the County Election Administration Plan as directed by the Voter's Choice Act.
- A two year commitment is anticipated for committee members. Member applications will be accepted on a rolling basis. Paper applications are available at meetings and available online on the county's website.

APPENDIX A - VOTER ACCESSIBILITY ADVISORY COMMITTEE (VAAC)

- Background was given for Sacramento County's move to the Voter's Choice Act and a brief summary of the Vote Center model being rolled out in June 2018.

Discussion/Questions

Discussion centered on the VAAC responsibilities and what issues will be addressed.

- Input on Vote Center locations. VRE would like input on locations that will meet accessibility and other site requirements to host a drop box for 29 days and 4 and 11 day Vote Center sites and how to best present those sites to the public.
- Resource ideas to help educate the public: We need more mechanisms to get out the word about VCA. Suggested: State resources, disability newsletters, county newsletter, and social media.
- Need to improve our website to make accessibility information more prominent on the home page. Dedicate a page just to disabilities; remote accessible voting; more comprehensive information on voters with disabilities.
- Specific media outreach suggestions. The County Media Office (CMO) controls any social media requests. Budget is limited at about \$71K. We can go back to the Board and make requests in early December. Suggestion: Are there grants available to help with outreach costs?
- A more in depth presentation of the VCA was requested to help educate the committee. Suggested: Also educate on the county's accessibility surveying process.
- A concern about duplication of efforts was voiced. It was noted that Sacramento County is one of a small group of counties to be first in implementing this new voting model.
- Public consult meeting dates are yet to be determined.

Meeting Wrap Up Items:

- It was agreed that it would be helpful to have notice of topics that will be discussed in advance for each meeting so there is an outline to help stay on track. Other topics suggested: Updates on location selection process, site surveying for accessibility, county web page disability resource information, voting equipment, social media use, outreach events, remote accessible voting and building the Election Administrative Plan.
- A survey for committee member's availability will be emailed to help identify best locations, days, and times for meetings.
- Courtney will send out an outline of future meeting topics and the date, time and location of next meeting.

Action Items:

- Will data maps be updated with 2016 ACS information?
- Can we map populations of seniors over 65?
- Can we calculate how many people will show up at Vote Centers by looking at past polling place statistics for votes cast at polling places? How many ballots dropped off per location?

Call to Order:

Committee Chair, Courtney Bailey, called the Sacramento County Voting Accessibility Advisory Committee meeting to order. Audience introductions were made.

Committee Members in attendance included: Carol Moss, Marianne Knoy, Donald Tuttle, Richard Stanley, Nick Bloise, and Terry Schanz.

Committee Members Not Present: Indi Kallirai, Irene Capps, Charlene Jones, Russell Rawlings, Margaret Johnson

VAAC Co-Chair Position:

Review of Previous Meeting's Recap and Action Items Results:

- No changes or additions to the previous meeting summary were requested.
- 2016 American Community Survey data at census level will come out in December. VRE will determine at that time if we will update the information.

APPENDIX A - VOTER ACCESSIBILITY ADVISORY COMMITTEE (VAAC)

- Map of voters over 65 presented. Data came from the county voter database. The median age of voters is 48 years.
- It is difficult to anticipate the traffic flow of VC's because voters can go anywhere in the county. With current precinct data, voters were assigned a specific polling place to cast their ballot. A map was displayed representing the number of voters who cast ballots at the polls in November 2016 by the nearest site that has said yes to a 4-Day Vote Center. Another map of Vote by Mail Ballot drop-offs at Polls was also displayed.
- Currently there are grants available through Voter's Choice California for Community Organizers and Leaders to support the effective implementation of the Voter's Choice Act. Grant amounts are \$1k to \$10K and you can apply at <https://voterschoice.org/apply-for-a-grant/>. There is also a bill for state funding (SB 113 has been signed by the governor and disbursement of the funds is in the works). A letter from advocates to the Sacramento County Board of Supervisors was sent encouraging a budget increase for elections outreach and media.
- The calendar for Voter's Choice Act Implementation is still in the works.

Agenda Items and Discussion Comments:

- DAC and VAAC members were invited equipment demonstrations held right before our VAAC meeting. Democracy Live and Five Cedars demonstrated their Remote Accessible Vote by Mail ballot marking systems (RAVBM) and ES&S and Dominion demonstrated their ballot marking equipment for accessible voting at a Vote Center. Any comments on the equipment demos should be emailed to Courtney.
- Can RAVBM be used by anyone? The RAVBM is intended for voters with disabilities and overseas and military voters to use. You are not required to prove that you have a disability in order to mark your ballot with RAVBM. With our current RAVBM for military voters, voter files are uploaded daily and able to use get their ballot to mark. "At-home ballot marking" was a term suggested for use to describe this process.
- The Secretary of State's website contains the staff reports on the voting equipment testing and certification.
- VRE website verbiage approved for Accessible Voting webpage. Courtney will send out for review and comment by VAAC members.
- Mindy Romero with California Civic Engagement Project will present a tool to help in identifying areas that need Vote Centers at the October 10th VAAC meeting.
- Courtney reviewed the physical access requirements, procedures, mitigation techniques, and forms used for Vote Center and Ballot drop-off location review. Also discussed were:
 - "de minimus departures", or allowances just outside the state standards that the County DAC helped to establish in 2014 to help determine the severity of the barriers at a location.
 - Ratings for accessibility, lighting, availability, interest and location (visibility)
 - Public Transportation concerns were brought up over some not running and inaccessible paths of travel. Courtney to work with Regional Transit and Paratransit more closely on status of public transportation stops and services.
 - Courtney: Off-street parking required to have one van accessible parking space. If the entire parking lot has excessive slopes (a particular location in Folsom), is it misleading

SACRAMENTO COUNTY ELECTION ADMINISTRATION PLAN 2018

APPENDIX A - VOTER ACCESSIBILITY ADVISORY COMMITTEE (VAAC)

to put a Van Accessible sign here knowing that it is not van accessible and a wheelchair lift could not land there?

Action Items:

- When will the next consultation meetings be scheduled?
- Request for more information on polling place turnout, including seniors and AutoMARK usage
- Social Security data (from Richard Stanley) analysis on people who receive benefits by zip code needs to be completed. Also, inquire about data from DMV on temporary and permanent placard holders.

The next VAAC meeting will be held on October 10th at 6:00 p.m. to 7:00 p.m. here at the VRE Office.

APPENDIX A - VOTER ACCESSIBILITY ADVISORY COMMITTEE (VAAC)

Agenda Items and Discussion Comments:

- Vote Center & Ballot Drop-off Location Siting Tool Presentation by Guest Speaker, Mindy Romero from the California Civic Engagement Project:
 - CCEC is developing an interactive siting tool that will assist Elections Officials with varying budgets to identify areas where the need is the greatest for Vote Centers and Ballot Drop-off Boxes in their counties.
 - SB450 requires counties to take into account 14 criteria when selecting sites. Mindy reviewed each of the criteria and the various data sources. The map will identify sites down to a several block area. This tool will be publically available to view.
- Mobile Vote Centers are an option for additional Vote Centers above the required number. Suggestions were made to have these available at food truck events, farmer's markets, and other local events, low population large geographical areas. Also, mobile sites could be added just for Election Day. The elections office does not foresee implementing mobile vote centers for the June 2018 election at this time.
- Concerns voiced about street parking not giving enough room for van accessibility. No on-site parking will receive a score of "0" for a parking rating.
- Pedestrian walk audits suggested.
- The accessible voting web page has been updated. Courtney will send out the link to the site and asks that committee members please review and email her with any corrections or revisions by end of week so translations can be completed.
- The Elections office will be holding a Poll Worker Appreciation Event the week of 11/13/17. Session will be scheduled throughout the week and participants will receive service recognition and an introduction to the Voter's Choice Act. They will also learn about the new staffing opportunities available to them.
- Feedback needed on how to present maps without facility names to show sites that have said they are available or are a "maybe" status.

Action Items:

- Next meeting agenda items to include Vote Center Locations/Drop Boxes, street parking vs. parking garages, accessibility ratings, public transportation partners, and outreach materials

VRE staff updated the Team on the following:

LAAC and VAAC activities, outreach activities, and website materials

Vote Center (VC) and Drop Off Site (DOS) activities including staffing models and resurveying polling places for suitability and agreement to be VC/DOS

Provided an overview of the surveying process that includes meeting ADA accessibility standards

SACRAMENTO COUNTY ELECTION ADMINISTRATION PLAN 2018

APPENDIX C - ADVOCATE TEAM

Partners for VC/DOS to date - CSUS, Cosumnes Community College, Sacramento Public Libraries, City Halls, ACC, Meals on Wheels, Mutual Housing of California, Clear Channel, SPCA, other county buildings

Voter Education and Community Meetings have included CAPITAL, APAPA, Elk Grove Chamber of Commerce

Media in the works - videos for information sharing and education, informational brochures and info-graphic flyers

Redesign of the Election's mobile app for voter information and polling place lookup to reflect the VCA model

Questions from the team:

Did the schools have a concern with weekend hours related to DOS? The concern was more with non-students on campus, could be security problem.

For the DOS, just looking at inside or freestanding outside? VRE office has a 24 hour outside box, planning right now for interior boxes while awaiting the regulations; will release an RFP after the regulations are released. Exterior box would take between 4 and 6 months to install, including at county buildings.

What other ethnic communities are being contacted? We have contacts with NAACP and on-going contact with Univision.

Was LULAC contacted? Yes, LULAC representative was invited to be part of this team.

How best to comment on the EAP document? Email or written comments to VRE office; in any format (whole document with comments, stand-alone comments).

What is the payment amount for use of the facility? Prefer to stay at not more than \$100 per day, but could go up to \$200 per day.

Several team members suggested improvements to the website: remove password protection, add voters with disability page under resources, spell out EAP.

Budget for media and outreach was discussed briefly. Final budget hearings begin September 6.

The Registrar asked those on the call to volunteer in the following areas: video ideas, train the trainer partners, presentation ideas, and review of the FAQs being prepared by staff. No offers of volunteer support were immediately forthcoming and the request will be held over to the next meeting agenda.

Meeting schedule was decided as once a month. The next conference call / meeting is scheduled for September 8th at 10 a.m. (moved from September 1st in consideration of the Labor Day holiday).

Items set for discussion outside this group:

Are the locations of the VC/DOS required to be included in the EAP? When can the EAP be amended? Concern is for public to have input on where VC/DOS are located. Darren and Ethan were requested to provide feedback. Jana is to schedule the meeting the week of August 7th.

Vote Center balloting was requested to be added to the next meeting agenda.

VRE staff and section updates

Outreach:

Flyers are in translation and a new County newsletter will have an article on the VCA. There are 15 Voter Education events during September and October; staff would like additional events to add to the calendar.

SOS has designated the last two weeks in September as High School Voter Education weeks, and VRE will be at 8 high schools during this time addressing voter education and pre-registration.

FAQs are in final review for posting to the website next week.

Campaign Services:

Prepping materials for the June 2018 filing period, opening in February. Have been meeting with the City Clerks to share VCA information.

VBM and VST (IT):

Updating the VRE website for VCA materials and EAP comment forms, including fillable form, and adding individual pages for the LAAC and VAAC (a suggestion from this group).

In the process of developing videos for education and outreach on the VCA.

Reviewing the layout of the County's VIG to be consistent with the recent Election Code changes.

APPENDIX C - ADVOCATE TEAM

Working the LAAC team to identify best meeting dates and times.
Reviewed some of the events attended to promote VCA (Celebrasian event).

Precincts:

Reviewed the status of resurveying all existing polling places for use as VC or DOS (drop off site), with 124 will participate as either a VC or DOS, 72 are no, and 18 still need surveying.

There remains a great deal of follow-up on site surveying and over the next two months staff will review availability and accessibility of the sites, then rate the sites based access, location, parking, lighting, and visibility to provide a list of 'best to least desirable' sites that can be used when considering the specific VC and DOS for an election. The surveying will continue through this year and next year. Members were asked to provide sites for VRE to add to the survey list, especially in the Folsom area. Members asked if all communities were being included in the survey process, including campuses. VRE staff noted that all the County's recognized communities and colleges are being included in the survey process. Herald was presented as an example, that while it has few proximity requirements, it is a unique community for VCA purposes. Reviewed Voter Education opportunities, partnering with City of Sacramento, Greater Sacramento Urban League, and Sacramento Public Libraries. Would like suggestions for additional contacts/partners as well as help with ideas on the best way to reach out to all the communities (videos, PowerPoint, flyers/brochures).

VAAC meeting schedule has been established and the PowerPoint will be presented for their review and feedback. The agenda will also include the basics of the VCA and that a VC will look like.

Poll Worker staffing will be tied to the type of job, with hourly pay for multi-day workers (inspector pay and clerk pay), perhaps a stipend for single day workers, and ballot 'runners' receiving a based wage. Need to work out details with County payroll. Other state's experience showed this provided for better retention of poll workers.

Members asked if the training for VC poll workers had been created yet. Staff noted this is in development and will include interacting with voters with disabilities. The County's DAC has participated in the training, providing excellent feedback. The training will be more extensive, and cover more procedures in support of VC activities. Members noted they would be available to attend and assist with accessibility training. Planning a Poll Worker appreciation 'open house' for the estimated 15,000 poll workers currently on file, thanking them for their past service, explaining the VCA and inviting them to continue serving in a VC.

1. EAP consultation meetings

The Consultation meetings are scheduled for September 15 at 10 and 1:30. The first meeting will be for representatives of voters with disabilities and the second meeting for representatives of voters with language needs.

Members questioned the time of the consultation meetings, noting their concern that attendance will be low or overwhelmed should another community attend the meeting. VRE noted that comments can be submitted on-line as well as presented in person at either of these meetings.

APPENDIX C - ADVOCATE TEAM

There was general discussion on the date for the EAP meeting. The date for the EAP public meeting has not been set yet. The development of the Draft EAP will result from the Consultation meetings. Once the Draft is developed, a public Draft EAP meeting can be scheduled. Prior to holding the meeting, the Draft EAP document will need to be translated (about two weeks), then it will be posted to the website at least 2 weeks before the meeting to receive public input on the Draft EAP, and the input period continues for 2 weeks after the meeting.

2. Balloting at Vote Centers

The SOS released CCROV 17066 clarifying that the intent of the bill is to allow a voter to vote a ballot at any VC and place that ballot in a VC ballot box without the use of an envelope. Voters will be able to drop off their VBM ballot, get a replacement VBM ballot, or get a non-envelope ballot and place that in a separate ballot box designated for that purpose at the VC. These non-envelope ballots cannot be taken with the voter, nor can they be returned at any other voting site or Drop Off Box.

3. Voter Education Opportunities

VRE staff have been making presentations throughout the county, including at City Council meetings, Rotary Clubs, and to elected officials. Many of the Cities have asked for presentations in 2018, as they won't be on the ballot until November 2018. VRE staff will present at Mr. Heidorn's 9/19 event.

4. Vote Center Survey Update

(Reviewed above)

5. Homework

VRE staff noted that the department's FAQs will be sent out to this group next week and will be posted to the website. This team's feedback on these, from a general public perspective would be appreciated. Are these understandable and easy to follow? Are there any questions or topics that are missing? Staff also noted the Resources page will be on the VAAC agenda for review.

Members noted information on accessible voting options and language access would be good. It was also mentioned that separate pages should be created to provide information for voters with disabilities and for voters needing language assistance. It was also suggested that VBM information be expanded, including signature verification and security information.

VRE staff shared the work in progress on reviews of other website, video ideas and VAAC/LAAC agenda items.

6. Additional Items for Discussion

Members asked if the voting system RFP was already out. Staff noted that it was out in mid-July and responses have been received and are being rated. The RFP was presented in Lots to allow vendors option in responding to the RFP.

APPENDIX C - ADVOCATE TEAM

The scores will be based on their written response and their demonstration. The Board of Supervisors will be presented with staff recommendations in October. Members asked if they would participate in the demonstrations and ask questions. Staff noted this would not be an option, but Subject Matter Experts from system security and voter accessibility will be assisting rating the demonstrations

Staff reminded the team that this group has a lot of work to do in a very short time and was requested to keep the team membership to those who support the County's diverse communities.

Members asked staff to resend the previous emails and meeting summary. It was also requested that the emails be standardized.

One VRE staff member has been designated the 'sender' - look for emails from Cindy Jensen, with the subject line Sacramento County Advocate Team.

APPENDIX C - ADVOCATE TEAM

Staff will meet with library staff to review their voter education program on October 24. Continuing to review process changes needed for election administration activities related to polling places.

A site survey status was provided, noting some surveys are outstanding and site rating is pending.

Following the sharing of tentative sites with the VCA-global email list with team members, staff received calls from 14 tentative sites who said they received complaints. One of these sites has now declined to participate in VC activities. This sharing has produced a negative effect on the department's ability to conduct VC elections.

APPENDIX F - VOTE CENTER LOCATIONS AND HOURS

All locations are surveyed and rated for usability prior to being selected as a Vote Center for an election. Surveying is an important first step in identifying locations that will best serve voters.

Vote Center Selection Criteria

Ideal Vote Center:

1. Provide a minimum of 30x30 ft secured voting area
2. Provide at least 25 free, off-street parking spaces for voters
3. Provide secured storage for voting equipment
4. Provide restrooms for Vote Center staff
5. Provide air conditioning and heating
6. Voting area is free of other activities while voting is taking place
7. Facility is already well known to the local community
8. Facility use is free
9. Facility is located in a priority area, as determined by the 14 criteria outlined in EC 4005
10. Facility entrance is located within 200 ft of an accessible public transportation stop or hub
11. On a scale of 1 through 5 (1 being poor, 5 being excellent), facility receives a 4 or 5 rating on each of the following:
 - Accessibility
 - Outside Lighting
 - Availability (ease of contact)
 - Interest
 - Location/Visibility
 - Parking

11 Day Location Selection (next step):

1. Evaluate inventory of available locations
2. Map out available locations. Map includes:
 - a. Pentamyriads (groupings of 50,000 voters)
 - b. 14 criteria layers, including public transportation stops
 - c. Ratings
 - d. Location ID
3. Look at available locations, ratings in each pentamyriad to ensure the sites are "equitably distributed"
4. Review paperwork for each potential site
 - a. Accessibility Review Form
 - b. Vote Center Survey Form
5. Select minimum of one location per pentamyriad and confirm use with 11 Day Facility Use Agreement

APPENDIX F - VOTE CENTER LOCATIONS AND HOURS

Accessibility Ratings (based on Polling Place Accessibility Checklist):

1. Polling Place/Vote Center has multiple accessibility concerns that cannot be mitigated and exceed “de minimus departures”
2. Polling Place/Vote Center has a major accessibility concern that cannot be mitigated; or one or two concerns just about the standard of “de minimus departures”
3. Polling Place/Vote Center has minor accessibility concerns that cannot be mitigated. This includes slopes/cross slopes a few tenths of a percentage point above standard or fall under the “de minimus departures”. All sites are automatically rated a 3 if there is no designated pedestrian access from property line.

As long as there at least one accessible path of travel, a location may receive a “3” rating depending on other barriers.

4. Polling Place/Vote Center has accessibility concerns that can be mitigated. Has “no” on checklists but these items can be mitigated. This includes adding signage, propping the door open, or using cones as detectable barriers. If the site has a property line POT, even if it is not accessible (excessive slope), it could possibly still be a “4” as long as the other POT (from ISA parking) is perfectly accessible.
5. Polling Place has no accessibility concerns; everything on the checklist is “yes”, including property line POT.

“De minimus departures” are allowances outside the state accessibility standards agreed upon between our department and the Sacramento County Disability Advisory Committee.

Parking Ratings

0. On-street parking only
1. Less than 10 spaces
2. 10-25
3. 26-50
4. 51-75
5. > 75

SHORT TERM AND LONG TERM COSTS AND SAVINGS

§4005(a)(10)(I)(v)

Sacramento County's voting system has reached end of life after more than 13 years of successful elections. A new voting system will be in place for the 2018 elections. The replacement of voting system complicates the comparison of short term and long term costs and savings. However, the following tables show the current costs in a Polling Place Model election with the existing system, and the costs to purchase or lease a new system in both a Polling Place Model election and a Vote Center Model election.

The table below shows the current voting system costs for POLLING PLACE elections:

| Existing Voting System | Fiscal Year 2015/2016 | Fiscal Year 2016/2017 | Fiscal Year 2017/2018 (budgeted) |
|------------------------|-----------------------|-----------------------|----------------------------------|
| Voting System Support | \$334,533 | \$321,810 | \$323,692 |

APPENDIX K - SECURITY PLAN

Election Security and Action Plan

This plan gives guidance in the event of an emergency in Voter Registration and Elections. The plan has two purposes:

- To protect lives and property
- To preserve the organizational structure and ensure the continuing or early resumption of essential service.

ELECTION SECURITY

An effective emergency plan requires considerable thought: research, discussion and difficult choices should be made now. In addition to researching solutions, emergency preparedness involves identifying potential catastrophes. No geographical area is immune from emergencies. These also require planning in advance to avoid future confusion and misconceptions.

This document begins with an overview of basic security and planning concepts, and how they relate to election security. Following this is a more detailed document on the requirements for election day/night security.

THE BASICS

Security for an election is a combination of preservation and protection of *personnel, property and information assets*.

Security can also be broken down into three fundamental principles:

- Deterrence
- Detection
- Recovery

DETERRENCE

Personnel deterrence involves having all authorized personnel readily identifiable. Voter Registration and Elections (VRE) will use name badges with pictures for all permanent employees. Temporary employees will have a bright yellow badge without their picture. Visitors are required to register when entering the facility and are to wear the dated "visitor" badge while on the premises. Election night workers will be given color coded wrist bands to wear.

Property deterrence includes placing physical barriers and controlling access to sensitive locations. VRE will place crowd control barriers where appropriate. This includes establishing a ballot counting reviewing area for media and the public which will not impede the processing of ballots on election night. C-Cure door locks will be placed on VRE's most sensitive rooms and access will be controlled, monitored, and recorded during all election periods. Where security is most critical, such as in the ballot counting and storage areas, cameras have been installed so activity can be monitored and recorded.

APPENDIX K - SECURITY PLAN

Information Assets deterrence is associated with changing passwords frequently. VRE generates and manages user log reports for the department's computer systems. Firewall protections are updated on a regular basis as required by County standards. Network access is restricted to authorized personnel only. All personnel who are granted access are required to complete the required County authorization and agreement forms.

DETECTION

Personnel breach detection happens when, as an example, an unidentified person fails to sign in when requested or does not wear a visitor badge. Any visitor without the appropriate visitor badge will be requested to return to the lobby and complete the sign-in process or they may be required to leave the facility. Permanent and temporary staff that lose their employee badge will be required to pay a fee to obtain a replacement badge.

Property breach detection is associated with a broken fence, non-identifiable vehicles, or unauthorized entrance into a secure room.

Information Assets breach detection can be determined by unauthorized use of passwords, a firewall violation, or unauthorized network access.

RECOVERY

Recovery is the ability to repair a detected breach and return to a planned environment.

Personnel recovery can be as simple as assigning a badge to a person that does not have one to having an unauthorized individual arrested for trespassing.

Property recovery may involve mending broken fences, redirecting unauthorized vehicles, or conducting a search of a room that has had an unauthorized network access.

Information Assets recovery could run the gamut from identifying and noting security breaches to a full investigation of firewall violations or unauthorized network access.

INTERDEPARTMENTAL COMMUNICATION

Partnerships are crucial to success. A spirit of cooperation goes a long way to break down communication barriers in any emergency situation. VRE has met with:

- The Department of Homeland Security (DHS) which includes both the Sheriff's department and FBI staff, to access the department's security plan.
- The Countywide Services Agency's (CMO), who is responsible for immediate media notification of any issues that arise during the course of the election.
- The Department of Technology (DTECH) for computer and telecommunications support in the event of any type of system failure.

APPENDIX K - SECURITY PLAN

SECRETARY OF STATE DEDICATED SECURITY CONTACT NUMBERS FOR ELECTION DAY

On site Security Command Center 24/7 Station 916-657-2166

These numbers are specifically for the sole purpose of reporting any voting period security issue that needs to be immediately brought to the attention of state officials (the Office of Homeland Security, the Office of Emergency Services, or VRE).

EMERGENCY PREPAREDNESS PLAN

Groups need to communicate during an emergency and will have the ability when the need arises

COMMUNICATIONS WITH VOTE CENTERS

All Precincts Operations phone bank staff will have a list of vote center locations, landline telephone numbers (if available), and cell phone numbers for each vote center and each of the coordinators. This information is vital to law enforcement and emergency responders. A phone tree will be used to ensure all polls have the information necessary for responding to the specific emergency or issue. This could be anything from keeping the polls open past 8 p.m. on Election Day to providing additional ballot stock to one or more vote centers.

COMMUNICATIONS WITH THE MEDIA

A media center will be established on-site during the voting period that will be staffed by the VRE's media officer. This will enable immediate information sharing between the media and our office on any issue or emergency that may arise during the election.

COMMUNICATIONS WITH IT STAFF

IT staff will establish a phone bank during the voting period specifically for assisting vote centers with voting system problems. This phone bank will be available all hours a vote center is open and from 6 am through 9 pm on Election Day. The contact number will be provided in the vote center training manual and to office staff.

COMMUNICATIONS WITH SECURITY

Management staff will be provided an emergency contact phone list to be used to contact emergency personnel, such as the Sheriff, Fire Department, and Homeland Security. Any contact will also be reported to the County Executive, CSA Agency Administrator and the Board of Supervisors. In addition, any election-related emergency will be reported to the Secretary of State's office.

ORDER OF EMERGENCY NOTIFICATION

VOTE CENTER EMERGENCY

In the event there is an emergency that affects the operation of the Vote Centers or ballot drop box locations, both the Precinct Operations phone bank and the IT phone

APPENDIX K - SECURITY PLAN

bank will be utilized to contact all the technical support rovers, Ballot Transporters, and/or Vote Center Inspectors and inform them of the emergency and the actions they are to take. The Media Officer will work with the Registrar to prepare a statement for the media as well as an information alert to be sent to the Board of Supervisors, the County Executive and the Chief Deputy County Executive.

LAW ENFORCEMENT EMERGENCY AT THE OFFICE

In the event that there is a situation requiring the immediate intervention of an emergency responder (sheriff, fire, ambulance, etc.), the first action is to call 9-911 and report the emergency. Then, refer to your emergency procedures manual for the proper way to handle the specific emergency. Alert any staff that may be in the area of the emergency, as well as, the Facility Coordinator and the Registrar and the Media Officer. The Facility Coordinator will take the necessary steps to address the emergency including evacuating the facility if necessary. The Media Officer will provide information to the media regarding the emergency and the County's response. The Registrar and Media Officer will prepare an information alert to be sent to the Board of Supervisors, the County Executive and the Administration Services Agency.

VOTING PERIOD / ELECTION DAY EMERGENCY PLAN

GENERAL DIRECTIVES

- The safety and protection of individuals is the highest priority
- Preservation of ballots, equipment and facilities is the second priority

OFFICE SECURITY

- The working areas of the office are to be locked at all times except during regular business hours and at times directed by the Registrar
- Because the warehouse is used for the security of election equipment, records and ballots, the warehouse area of the department is to be locked at all times except when authorized staff are in the area
- To report any break ins, notify the Registrar and the Safety Coordinator, and call Facilities Management at 916-875-6221 or the Sheriff's Department

BALLOT SECURITY

- All ballots, including voted, spoiled, and unused ballot stock, are to be secured in one of the appropriate ballots storage facilities. Each facility has an intrusion alarm and video surveillance camera
- No ballot may be left in an unsecured area unless two or more employees of VRE are present
- If any ballots are missing or unaccounted for, the Registrar must be advised immediately
- Ballots being transported to/from designated Ballot Drop Box locations will be secured and transported in accordance with Secretary of State Ballot Retrieval Regulations.

APPENDIX K - SECURITY PLAN

- Ballot stock will be recorded using logs as outlined in the Secretary of State Ballot Printing Regulations and all ballots will be accounted for during the canvass period.

VOTE CENTERS

- In the event of an emergency in a Vote Center in which human life is endangered, the incident must be reported immediately to the proper authorities, through the 911 call center
- At an appropriate time, VRE must be advised of the emergency situation and the steps taken to respond to the emergency
- If necessary, VRE will take necessary steps to open an alternate voting site for the affected Vote Center to allow voting to continue with the least amount of interruption possible. Any actions, particularly during a statewide election or an election involving a state office, should be coordinated through the Elections Division of the State, the County Executive and/or Board of Supervisors and other appropriate authority including VRE's Media Officer.

ELECTIONS OFFICE

- In the event of an emergency in which human life is endangered, the incident must be reported immediately to the proper authorities, through the 911 call center and to the Registrar and the Department Safety Officer
- Other emergencies or situations must be reported to the Registrar, Department Safety Officer and appropriate manager
- If evacuation is ordered, even during ballot counting, everyone must evacuate immediately and report to the designated staging area

WHAT IF'S ON ELECTION DAY

Planning means identifying the "what-ifs", and then taking measures to reduce the unknowns of how to respond. What if you were to receive a phone call on Election Day that there was a bomb in one of your vote centers, what would you do?

What if you had to move one of your Vote Centers on or before the voting period / Election Day, how would you do it?

The emergency procedure should include:

- Halt all voting immediately
- Evacuate the facility as quickly as possible
- People who are waiting to vote shall not be given ballots
- Voters who have voted ballots shall deposit them in the ballot box
- Unmarked ballots may be returned to the Election Officer at the Vote Center location
- Anyone in a voting booth should be encouraged to finish as quickly as possible
- Election Officers shall seal all ballots that were cast before the declaration of the emergency, in the usual manner followed at the close of polls.

APPENDIX K - SECURITY PLAN

- Election Officers should retain all the voted ballots from a ballot box, including Vote by Mail and Provisional ballots, a check-in laptop, and the blank ballot stock with a Ballot on Demand printer, if possible, when evacuating
- Election Board members shall follow instructions from the Election Office, Technical Support teams or Law Enforcement
- These instructions may include complete evacuation of the facility and establishing a temporary Vote Center in a nearby location, with directional signage (as available) to alert voters of the change in location

Remember the safety of the staff, Election Officers, and the voters must always be the first priority. Emphasize to your election workers that their safety always comes first.

APPENDIX K - SECURITY PLAN

WHAT TO DO IF SOMEONE TRIES TO TAMPER WITH THE VOTING EQUIPMENT

Immediately remove the person from the Vote Center and if possible detain them. Have another Election Officer contact the Precinct Operations phone bank and alert them of the situation. VRE staff will contact the sheriff's department and will have a new voting unit delivered to replace the unit that was tampered with. Have all voters who were waiting to vote place their ballots in the auxiliary bin until the new unit arrives.

IF AN EMERGENCY KEEPS THE VOTE CENTER(S) FROM CONTACTING THE OFFICE DURING THE VOTING PERIOD

In the event that the VRE office is unable to be reached during the voting period (loss of telephone service, forced emergency evacuation, etc.), election officials should use the precinct operations staff cell phones. The Registrar, Facility Coordinator and Media Officer will be alerted to any emergency affecting VRE office communications and will work with County offices and the media to make the public aware of the issue and work towards a resolution of the emergency.

ELECTION NIGHT SECURITY
